

Triton Bay

Introduction

A voyage experienced by an Aman Private Yacht is a voyage like no other. Amandira is thrilled to welcome guests on board for a seven-day, six-night venture through the Kaimana Regency, in the West Papua province of Indonesia.

A pristine area, unspoilt by development, the Kaimana Marine Protected Area is a region still being explored, with new dive sites being located each year. The colourful corals, endemic marine species and unique underwater environments make Triton Bay a must-see for any keen diver.

From beautiful black corals to yellowtail barracuda, Bumphead parrotfish, anchovies, devil rays, wobbegong sharks, as well as solar-powered nudis and pygmy seahorse, the array of marine life will keep even the most well explored divers interested. Another highlight is the opportunity to swim with whale sharks. These friendly giants offer a unique chance for a close encounter while swimming around the fishing bagans in Bitsjara Bay.
